WORK

UX DESIGNER, HUMANOIDS — 2018

Completed various projects, both in a team and individually. I focused on the entire design process, from problem definition, to interviews, wireframes, user tests and the UI design.

TRAFFICER, GOEDE DOELEN LOTERIJEN — 2016-2018

I worked in multiple positions at the Charity Lotteries. In my highest position, as Trafficer, I was responsible for managing multiple customer service teams, process optimization and process innovation on a daily basis.

RESEARCH INTERN, GGZ NOORD-HOLLAND-NOORD — 2015-2016

Conducted research about relationships, intimacy and sexuality among people with psychotic vulnerability. For example: designing and setting up the research, conducting in-depth interviews about factors that influence problems related to sexuality and relationships, and analysing and reporting of quantitative data and qualitative data on the basis of the Grounded theory approach.

PSYCHOLOGIST IN TRAINING, GGZ NOORD-HOLLAND-NOORD — 2015-2016

I gave psychological and restorative treatment to people with serious psychiatric problems. Performed diagnostic work and intake interviews. Participated in daily FACT board consultations, treatment plan discussions, group interviews and interdisciplinary consultation.

INTERN SEXUOLOGY, GROENE HART ZIEKENHUIS — 2014

Co-therapist with doctor-sexuologist Peter Leusink. I participated in sessions with clients, reporting and analyzing the sexual problems of clients.

ADDITIONAL ACTIVITIES

CO-WRITER SCIENTIFIC ARTICLE - 2017

After conducting research about sexuality during my research internship, I co-wrote a published article about it. 'Sexual expression, and the determinants thereof, in people with psychotic disorders'.
